Coming from the large roundabout by Asda go past PC world on your right. Carry straight on at the next roundabout, past one turning on your right, then the Volvo garage and take the next right signposted Ferryboat Close. Go down to the end of this road past the tip on your left and follow the road around to the right. Just after you turn the corner you need to turn left into the group of units. Bergoni is the first unit on your left but Histon's is the last unit on the right at the end of the row ahead of you as you pass Bergoni.
